

## Topline Cricket Beta â Tester Guide (Detailed)

### Access (Expo Go)

1. Install Expo Go from App Store / Play Store.
2. Sign in to Expo Go with the invited Expo account.
3. Open Expo Go â Enter URL and paste:  
`exp://u.expo.dev/13d2d4f4-409c-43c7-9c90-cfb2a200b5d5?channel-name=beta`
4. Log in with the credentials provided by the admin.

### Important Notes

- Updates: the same link always loads the latest beta update.
- Android push notifications do NOT work in Expo Go (Expo limitation).
- If you see a prompt asking to allow notifications, you may still accept it.
- Ask AI is limited to 5 requests per day per tester (server-side).

### Test Accounts (use provided credentials)

- PlayerOne / PlayerTwo / PlayerThree
- CoachOne / CoachTwo

### Player Test Plan (step-by-step)

#### 1) Login + Dashboard

- Sign in as Player/Parent.
- Check header, top logo placement, and layout spacing.
- Verify Quick Actions tiles show full text (no truncation).
- Open each Quick Action and return to dashboard.

#### 2) Player Profile

- Update profile details: height, weight, batting hand, bowling hand, bat size/weight, pads size.
- Save and confirm changes persist after reopening.

#### 3) Practice Videos (Player Videos screen)

- Tap Upload practice video.
- Pick a short video (max ~2 mins).
- Select a coach and accept consent.
- Confirm & Share.
- Expected: status shows Shared; coach gets a review entry.

#### 4) Ask AI (Player)

- Tap Topline AI Coach.
- Ask a training question (goal + timeframe).
- Verify format: short answer, 3 cues, 3 drills, safety note, follow-up.
- Test daily limit (max 5/day).

#### 5) Fitness (Player Fitness screen)

- Toggle Coach Assigned vs Self Performed.
- Log a Self Performed drill (with reps/sets).
- Verify history updates based on the selected toggle.

## 6) Session Booking

- Choose coach, date, duration, time within availability.
- Submit request and verify status in Session Requests.

### Coach Test Plan (step-by-step)

#### 1) Login + Dashboard

- Sign in as Coach.
- Verify Today's sessions count and layout.
- Verify Booking Requests section shows newest request.

#### 2) Booking Requests

- Accept a pending request.
- Confirm player sees status update.
- Confirm availability updates and session appears on dashboards.

#### 3) Video Review

- Open a player-submitted video.
- Add feedback and Save.
- Use Annotate: add circle/arrow/line/text at timestamp.
- Save Markups and Send to Player.

#### 4) Coach Upload

- Upload a coaching video to a player.
- Add notes and share.
- Verify player sees it in Coaching Videos.

#### 5) Fitness Assign

- Assign 1-3 drills to a player.
- Verify player sees Coach Assigned list.

#### 6) Ask AI (Coach)

- Ask AI about a specific player video.
- Verify output format and that it does NOT claim video analysis.

### What to Report (send to admin)

- Any crashes or red errors
- UI overlap/spacing issues
- Incorrect status updates
- Slow screens or loading loops
- Unclear or confusing UX
- Screenshots + steps to reproduce

Thanks for testing Topline Cricket!
